## CONCERNING OUR SCHOOLS

Matters of Interest to Pupils, Patrons, Teachers, Taxpayers

Editor's Note—In this department it is the intention of The Herald to present as much as possible, matters concerning the schools of Klamath county, and which concern not only the teachers and pupils, but the board of directors and all other persons in each district. In order to make it serve this purpose in the best possible manner, the co-operation of each school district is urged, and we will be glad to get before our readers things that the schools are interested in. Please send them in. They will be welcomed.

### PINE GROVE HAS STANDARD SCHOOL

ATTENDANCE, APPEARANCE OF GROUNDS, ETC., SUCH AS TO ENTIRE DISTRICT TO A STATE CERTIFICATE

As a result of the efficiency in which matters are conducted at the Pine Grove school, that district has just reached the standard set by the state for rural schools. It is the first school in the county to be issued a state standard school certificate.

Everything about the plant is up to date, and as neat as possible. A fine grove of trees around the yard is making remarkable growth, a new woodshed and barn have been added during the year, and the school and surroundings is a delight to the eye of every passerby.

But this is not all that is necessary to gain standard rating. The attendance at Pine Grove has been excellent throughout the year. The work accomplished has been uniformly good.

A standard certificate will be issued by County School Superintendent Fred Peterson. In addition, a door plate, designating the school as standard, will also be placed at the building.

The enviable distinction gained by the Pine Grove school is due to the efficiency of the teacher, Miss Pauline White, the efforts of T. M. Cunningham, U. R. Reeder and H. M. Miller of the board of directors and Charles Mack, clerk, for the betterment of the school, and to the pupils who have made perfect attendance their constant aim.

A literary society meets in the school house each week and Sunday school and services are held there each Sabbath. The people of the Pine Grove neighborhood are working toward an ideal community center, such as will aid in making rural life elevating and worth while.

### ATTENDANCE AT VARIOUS SCHOOLS

PINE GROVE, BLY AND LORELLA SCHOOLS ARE HIGHEST, WITH JUST ONE POINT OFF A PERFECT RECORD

Following is a record of attendance and tardiness at the schools of the county for the month ending February 19th. Look it over.

A record of 90 per cent means that more than a tenth of the money invested in the school for the month was wasted. Owing to class interruption, a large amount of tardiness is equally bad.

### OLENE SCHOOL IS MAKING PROGRESS

TEAMWORK BETWEEN TEACHER, PUPILS AND PATRONS HAS GRATIFYING RESULT. NEW HEATING PLANT INSTALLED.

Considerable could be said of the splendid progress made in the Olene school in all lines.

The board has installed a Smith heating system that works like a charm, has had a well dug and fitted with a good pump. In addition, it has purchased a new set of maps and various other things that add to the efficiency of the school.

Lumber is on the ground for a barn and a wood house.

The school work is of the highest order, and the community knows it and appreciates the efforts of all concerned. Everybody is satisfied and willing to do team work.

PHYSIOLOGY SUPPLANTS PHYSICAL GEOGRAPHY

At the next teachers' examination in June the subject of physiology will be substituted for physical

geography. During the next two years there will be no examination in physical geography for any kind of certificate.

The next teachers' examination will be held, beginning the last Wednesday in June, in place of the third Wednesday, as heretofore. The December examination will be held on the third Wednesday, as before.

Speaking about going wild—just look over Bogue Dale's scores in last night's games.

Klamath Falls women are becoming adept bowlers, and they could choose a team which would make a pretty good showing in the league. Mrs. Earl Whitlock's high score is 194. Mrs. Loy Hillyard has bowled 183, and Mrs. Don Dale has a 160 record. Just add a couple more, and there you are.

In a practice game yesterday afternoon Don Dale rolled 211. But he had to pay for the game, as Joe Kent's score was 222.

### Wife Will Not Let "Home Run" Baker Play Baseball

Mrs. "Home Run" Baker has set her foot down, and the great game of baseball will not, in 1935, know the man who, by some fans, is believed to be the greatest batter in it. Connie Mack, manager of the wonderful Athletics, has made the announcement that Baker, urged by Mrs. Baker, will hereafter remain on the farm.

"Frank," said the manager in Philadelphia, "has decided to quit the game for good. No, he's not going with the Federals, nor with any other team. He's just sick of traveling and he wants to settle down for good on his Maryland farm. His wife has been at him for years to quit, and it has been a tussle to make him sign each season. I've had to go down to that farm and plead with him. The last time I went down I said, 'Frank I can't keep on coming down here; sign up for three years,' and he did. That was last year, and he has two more seasons contracted for, but he wants to quit. I shall wish him luck and say O. K."

"The boy isn't dissatisfied. He doesn't want more money, and he isn't flighty. He just wants to farm and do nothing else, and his wife backs him up in his wish. Since his children died he's had this desire stronger than ever. I don't blame him. We shall miss him, all right. Kopf will play his third sack, but who'll knock the home runs? Baker's letter is splendid. I have nothing but admiration for his attitude, although baseball has lost what will prove to be one of its historic players."

Baker is less than 30 years old, and has been a member of the Athletics since 1908. His batting average in

### TODAY'S ODDEST STORY

United Press Service.  
KANSAS CITY, Mo., March 7. Kansas City lost a lot of pride today, all because little Earl Meade went to the country and what his mother wrote back got into the papers.  
Earl had lived in Kansas City all his life, and then, on the farm, where he was visiting, he scented a familiar odor as the breezes wafted in from the barn yard.  
"Oh, mamma," he cried, "I can smell Kansas City."  
Civic boosters are wondering if the stockyard breezes are really that bad.
